Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Thursday 18 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy, misty with intermittent light rain. Brisk winds on coasts.

This Evening and Tonight:
It will be mainly cloudy with intermittent light rain or drizzle this evening and overnight, and misty with fog over high ground. The northerly breeze will be fresh or strong along the coast. Minimum temperature 3 deg C (37 deg F).

Friday:
Mainly cloudy through the day, with intermittent rain largely clearing later. Feeling rather cool in the northerly breeze. Maximum temperature 9 deg C (48 deg F).

Outlook for Saturday to Monday:
Mostly dry through this period with variable amounts of cloud. Feeling cool underneath the cloud, and during overnight periods, but pleasant at times in any sunshine. Possible shower on Monday.
